

Above & Beyond Acupuncture

1008 Templin Avenue, Bardstown, KY 40004

Mary Ray, L. Ac., MAOM

To the Acupuncture Community,

I am an acupuncturist in Bardstown, KY looking for a second acupuncturist to join my practice. KY has a limited amount of acupuncturist, (I was #155) yet has the potential for keeping acupuncturists busy. I have a busy practice and feel it is time to expand. This offer is for a shared practice.

I think this would be a great opportunity for a beginning acupuncturist, or an active acupuncturist looking for a small-town area with a receptive population for acupuncture. The nearest other acupuncturists are 40-60-75 minutes away. There is also an opportunity in the Berea, KY area also if you may be interested.

Qualifications: Master's Degree from accredited institution, licensure for the state of KY, exceptional time management skills with ability to treat multiple patients per hour, willingness to learn and implement new skills through CEU's, certified NCCAOM.

Benefits: Flexible schedule, with 3 treatment rooms to work from, an herbal dispensary, kitchen, laundry room, spacious office, 2 treatment rooms, with a 3rd room with recliners for challenged patients unable to use tables. I am also planning on having community acupuncture days in the future.

Responsibilities: Welcome patients with good communication skills. Accurate history documentation, assessing treatments, encouraging and teaching the patient, be highly self-motivated, eager to learn, continuing education, maintaining clean organized spaces being used.

I will provide all treatment room supplies for each room and share knowledge I have used as this practice expands.

I look forward to hearing from you. I may be reached by text or phone call at 502-203-2302.

Warm regards,

Mary Ray, L. Ac., MAOM
