*Comprehensive Exams	June 1-5		

*Please Note:* New Student Orientation is mandatory for all new students. Each semester begins with an orientation for *all new and returning students*, the Friday prior to the first day of classes. Attendance at these all-school meetings is mandatory.

Summer classes are held following years two and three. Clinical Internship sessions run 42-46 weeks per year and interns have shorter breaks between semesters. Schedules for summer classes and clinic are available in the spring semester.

The College reserves the right to make changes to the academic calendar if necessary.
