

We are a busy practice located in the heart of downtown Matthews looking for someone to take over our incoming new patient load. A strong candidate will be honest, hardworking, self-sufficient, and be licensed in North Carolina. You must live in Charlotte, Matthews, or within an easy commute.

Our space includes 5 treatment rooms and patent herbs. The current acupuncturist, Jane Pearce, works Tuesday through Saturday. We are looking for somebody to compliment those hours and can be flexible within reason.
