

Licensed Acupuncturists Needed in Nashville

Do you want to make a real difference in the lives of patients who need access to affordable health care? Come work in one of the country's busiest community acupuncture clinics! You'll have the opportunity to develop your skills in a supportive team environment, build relationships with our diverse group of patients, and help ease pain and suffering for vast numbers of people!

The Company:

East Nashville Community Acupuncture was founded in 2010 with the mission to bring the benefits of acupuncture to as many people as possible. Since opening, we've provided over 175,000 acupuncture treatments. We need dedicated, compassionate acupuncturists to help us open more clinics and expand health care access to underserved communities.

The Position:

We're looking for acupuncturists who are licensed to practice in the state of Tennessee or meet eligibility requirements ([click here](#) to learn more). Our practitioners support our culture of inclusion and acceptance, and enjoy working in a fast-paced environment and using distal treatment styles.

- Evening and weekend availability is a must.
- We offer competitive pay and benefits, including paid time off and a retirement plan.
- Work as a w-2 employee, not an independent contractor, meaning predictable pay and work schedule.

The Location:

Nashville, TN is a vibrant city full of Southern charm. We're known as Music City and the Athens of the South, but we're also known for our friendly vibe, reasonable cost of living, and proximity to beautiful natural surroundings. There's something for everyone in Nashville, including great food, a thriving arts scene, outdoor adventures and more! [Click here](#) to learn why we and so many others think Nashville is the perfect place to call home.

Why Should You Apply?

- Grow your skills alongside other dedicated, talented professionals
- Earn a stable salary with benefits
- Live in a thriving metropolitan area
- Make a difference in the lives of patients who need access to affordable, effective health care
