The Center: Natural Health Specialists now has a part-time position available for a talented licensed acupuncturist with a great personality and excellent communication skills. We are seeking the right person to fill this position immediately and join our team in a well-established natural health center. Candidates for the position must have the following qualities and characteristics:

- Exceptional acupuncture clinician with solid training in TCM with a practical understanding of Western medicine.
- A great personality who will easily build positive rapport with colleagues and clients and thrives on achieving successful clinical outcomes.
- Enjoys specializing in the treatment of pain and musculoskeletal disorders with acupuncture, electroacupuncture, application of heat and physical manipulation.
- Able to work independently and collaboratively within a team.
- Ready for a competitive compensation and flexible schedule with room to grow.

Responsibilities

- Perform comprehensive and holistic health assessments. Create detailed individualized treatment plans. Re-evaluate and make treatment modifications as needed to provide the highest quality care and pain relief to clients.
- Provide effective and safe acupuncture and electroacupuncture treatments.
- Identify medical red flags and make referrals when appropriate.
- Offer recommendations to clients to improve their health including dietary, exercise, and lifestyle suggestions.
- Participate in consultation and case reviews with the clinic director.
- Provide timely electronic charting and reporting as required by the clinic.
- Comply with existing systems and office policies.

Qualifications

- NCCAOM Diplomat in Acupuncture
- Licensed in North Carolina
- Herbal training preferred
- CPR/AED Certification
- Maintain personal malpractice insurance
- Know and adhere to all current regulations and laws related to acupuncture
- Offer excellent customer service with clear and concise communication
- Have the highest levels of integrity and an exceptional work ethic

- Experience is preferred, and new grads are also encouraged to apply

Compensation

Compensation is a fixed rate per patient depending on experience (\$40-\$65 per visit).

This part-time position will begin with a lower number of patient visits per week. Based on performance and need, patient visits will quickly increase with potential to grow to a full-time position.

Our Facility

We are a multi-disciplinary clinic offering some of the best natural health modalities available. It is our mission to provide exceptional holistic care and outstanding customer experience in a fun and relaxed, yet professional environment. Our clinic has been thriving for 12 years and we are ready to expand. The clinic director integrates Eastern, Western and Functional medicine and specializes in internal medicine, including gastroenterology, gynecology, immunology and chronic systemic inflammatory issues. We now desire to bring in the right person who can specialize in orthopedics and the treatment of pain and musculoskeletal disorders.
